Geo. Washington

Today, next year, and on down through the ages it is desirable to keep his memory and deeds perfectly fresh in the minds of the people of this great country of which he is called

Father

Doubtless the most august name in our history and one of the grandest in the history of the world.

As a man he had his faults, but they were so few and so small that they seem to be but spots upon the sun. These have been forgotten and as the ages roll on mankind will see naught but the lustre and the greatness of his service.

We best way we know to make this store liked is to do what we are working at every day, to make it most serviceable to the people.

Mrs. Hutton Lectures.

One of the most interesting and instructive meetings the Woman's Club has had during the club year was held yesterday, when Mrs. Ernest Hutton, of Clarksburg, addressed the meeting.

Mrs. Howard N. Ogden, president of the club, called the meeting to order and after a few brief announcements introduced the speaker. Mrs. Hutton spoke on the subject "Art Galleries, Schools of Paris and the Latin Quarter." Her talk was thoroughly interesting and she was heard with the deepest interest. Mrs. Hutton lived abroad several years and during that time she was closely in touch with the art and educational features of Paris and with the conditions and customs as they existed in the Latin quarter. She spoke about the work of some of the greatest masters of the world as they are seen in the "Louvre," and showed some copies from some of the more famous artists. She continued her talk by discussing the schools of Paris and the life and methods of living of those in the Latin Quarter. At the conclusion of her address Mrs. Hutton was presented with a corsage bouquet of sweet peas.

Miss Hazel Bock, of Farmington rendered a beautiful piano solo at the conclusion of the program.—Fairmont Times.

To The Young Expectant Mother

Women of Experience Advise the Use of Mother's Friend.

There is a certain degree of trepidation in the minds of most women in regard to the subject of motherhood. The longing to

possess is often contradicted by the inherent fear of a period of distress. But there need be no such dread in view of the fact that we have a most noble remedy in what is known as Mother's Friend. This is an external application that has a wonderful influence and control over the muscular tissues of the abdomen. By its daily use the muscles, cords, tendons and ligaments all gently expand without the slightest strain; there is no pain, no nausea, no nervousness, what was dreaded as a severe physical ordeal becomes a calm, serene, joyful anticipation that has its progress as our foremost teachers of Eugenics are striving to drill into the minds of the present generation.

In almost every community there are women who have used Mother's Friend, and they are the ones that recovered quickly, conserved their health and strength to this point, over families destined by every rule of physiology and the history of successful men and women to repeat the story of greater achievement.

Mother's Friend is prepared after the formula of a noted family doctor by the Bradford Regulator Co., 138 Lamar Bldg., Atlanta, Ga.

Write them for their instructive book to expectant mothers. You will find Mother's Friend on sale by all drug stores at \$1.00 a bottle.
